**6. INFORMATION ON QUARANTINE AND REGULATED NON-QUARANTINE PESTS ON THIS CROP AS LISTED BY THE EXPORTING COUNTRY**

6.1. Quarantine pests: Provide detail on measures followed to prevent the introduction and spread of quarantine pests within the exporting country, with reference to this specific commodity. Details on current eradication or containment programs must also be provided.

6.2. Regulated non-quarantine pests: Provide detail on measures followed to suppress the regulated non-quarantine pests within the exporting country with, reference to this specific commodity.

**7. INFORMATION ABOUT POST-HARVEST MANAGEMENT**

- 7.1. Packaging methods
- 7.2. Inspection procedures
- 7.3. Post-harvest disinfestation treatments
- 7.4. Storage conditions and security
- 7.5. Transportation (national and international)

**8. CURRENT PHYTOSANITARY CERTIFICATION PROCEDURES**

(e.g field inspection, sampling, additional declaration etc.)

**9. RESULT OF PEST RISK ANALYSIS WHICH HAVE BEEN CARRIED OUT IN OTHER COUNTRIES**

**10. LITERATURE REFERENCES**

All data provided must be referenced. Make use of superscript numbers in the text and number the references in the reference list.

**11. CONTACT DETAILS**

Contact details of the relevant specialist in the fields of Entomology, Nematology, Mycology, Virology etc. within the NPPO must be provided. Pest specific communication will then take place directly between the scientists of the importing and exporting country's NPPOs.

General Directorate of Food and Control  
Ankara-TURKEY

### PLANT PEST RISK ASSESSMENT QUESTIONNAIRE

#### 1-COMplete ADDRESS OF NPPO WITH CONTACT INFORMATION:

Telephone, fax and e-mail

#### 2-INFORMATION ABOUT PROPOSED EXPORT COMMODITY TO TURKEY:

- 2.1. Scientific name, including author(s)
- 2.2. Taxonomic classification
- 2.3. Common name
- 2.4. Synonyms
- 2.5. Variety/cultivar
- 2.6. Plant part to be exported (e.g. fruit, seed etc.)
- 2.7. Purposed end use of the commodity (e.g. consumption, processing, propagation etc.)
- 2.8. Export destination (other countries)
- 2.9. Photographs of commodity

#### 3.INFORMATION OF PRODUCTION AREA

- 3.1. States, regions, provinces, districts, etc.
- 3.2. Area maps:
- 3.3. Climatologically description of the production area

#### 4. PEST LIST
