

inovemed

Produtos Farmacêuticos - Portugal

MISSION & VISION

At inovemed...

We are passionate about novelty in the healthcare markets. Our ongoing mission is to bring our partners the latest technologies, products and services, that will draw health benefits for their clients.

Compliance with European best practices allows us to deliver a proactive and flexible high-quality stream of pharmaceutical products. We always provide medicines from GMP certified manufacturers while ensuring GDP compliance. Depending on the needs of our partners, we choose products from EU or non-EU PIC/S member countries.

We strive to stay dynamic, driven by an ambition to deliver results, always seeking new opportunities and partners.

OUR ACTIVITIES

Quality Assurance

INOVEMED holds a wholesaler license (A008/20/H/001/2020), issued by INFARMED (National Authority of Medicines and Health Products) and a certificate of GDP compliance (A008/20/H/001/2020/I01/S1 and A008/20/H/001/2020/I01/S2).

Our primary activities are supported by a commitment to comply with legal requirements and abide by our quality management system. These activities include the **import, export, distribution and marketing** of a wide range of **medicines**.

OUR ACTIVITIES

Quality Assurance

Our license includes medicines:

- with a Marketing Authorisation in EEA country(s)
- without a Marketing Authorisation in the EEA and intended for EEA market
- without a Marketing Authorisation in the EEA and intended for exportation

OUR ACTIVITIES

Quality Assurance

Our license for products complying with the Art. 83 of 2001/83/EC includes:

- Narcotic or psychotropic medicinal products
- Medicinal products derived from blood
- Immunological medicinal products
- Radiopharmaceuticals (including radionuclide kits)
- Cold chain products (requiring low temperature handling)
- Herbal, Cytostatic, Homeopathic, Immunomodulators and Biological medicinal products

OUR ACTIVITIES

Our worldwide presence

In addition to the Portuguese market, Inovemed also covers several markets overseas.

We are present in the most relevant Portuguese-speaking markets, Middle East Countries and Southeast Asia. We aim to establish new long-term solid partnerships, as we broaden our network of wholesalers/hospitals/private clinics in markets further afield.

PORTUGUESE MARKET

A multifunctional team covering:

- the entire national market at public and private hospital settings;
- all continental regions in the field of general practice.

With know-how of inpatient and outpatient markets.

With privileged relations with multiple KOLs of different medical specialties, including:
