**Prepared & arranged by:** Public Relations Unit

## **Bandar Abbas Chamber of Commerce, Industries, Mines & Agriculture on the way to transformation**

**Mohammad Reza Safa  
(chairman)**

Foreign trade and its relationship with economic growth is one of the most controversial issues, especially in the selection of development strategies in developing countries. New theories and patterns of endogenous growth have shown that international trade rates economic growth through access Affects foreign markets, technology and resources.

Iran's approach to economic diplomacy is that there are no restrictions on trade and economic cooperation with other countries, especially neighboring countries, and we should not allow economic exchanges to be challenged due to some issues.

Neighboring countries are the main target of exports for our country, and we must provide the necessary conditions for expanding cooperation with these countries while setting priorities.

In the ninth round of the Board of Representatives, the Bandar Abbas Chamber of Commerce has also been determined to expand international relations in order to reach and strengthen its position and reach the markets of the target countries.

Hormozgan, which is known as Little Iran and the economic gateway of the country, has important and golden capacities in the industrial, mining, agriculture, fisheries, trade, tourism and services sectors. and the position of the province's products in European markets should be strengthened.

Hormozgan has capabilities beyond the development of current scales and has the potential benefits of development, and the need to increase the level of investment, especially foreign investment in this province is inevitable.

Today, no country can be found living in complete separation from other countries. The economic resources, technology and living standards of one country depend on the economies of other countries, which, through a complex flow of goods, services, technology capital, They are also related. Countries increase their production level and make more profit through international exchanges.

Bandar Abbas Chamber of Commerce tries to establish a two-way relationship between businessmen and businessmen of Hormozgan province by expanding its international relations with the focus on introducing the capacities of Hormozgan province, in addition to reaching the target markets.

Therefore, the publication of the members' daily booklet with the aim of providing foreign parties with information about Hormozgan merchants to establish two-way communication between merchants is only a small part of the performance of Bandar Abbas Chamber of Commerce in the international arena. Special thanks to the private sector parliament.

## What services does Bandar Abbas Chamber provide to its members?

### **International Affairs:**

Chambers of Commerce have a special place in the international economic system. To take maximum advantage of international capacities in the economy of the country and the province and also to provide the possibility of constructive interaction between the economic sectors of the chamber member and international activists, Bandar Abbas Chamber International Affairs has been designed in the chamber structure.

Holding B2B meetings between economic activists and members of the Chamber and foreign parties, as well as sending business delegations from members of the Bandar Abbas Chamber to other countries is one of the important tasks performed by the Chamber's International Affairs.

### **Business Card Membership and Certificate of Origin:**

In Bandar Abbas Chamber, this department manages and executes all the processes related to the membership of economic activists in the Chamber, obtaining a membership or business card.

Regarding the certificate of origin and approval of commercial documents, Bandar Abbas Chamber provides the following services to members.

Issuance of electronic certificate of origin (a member of the chain of validation of the certificate of origin), confirmation of the signing of commercial documents, inquiry of foreign certificates of origin at the request of the merchant, advice to merchants on how to issue certificates of origin, approval of commercial documents and all processes related to export in person, by phone and through the online certificate of origin system of the Bandar Abbas Chamber website.

### **Affairs of Commissions and Boards of Representatives:**

The executive and legislative branches, while enacting and implementing the laws of "removing barriers to competitive production and improving the country's financial system" and "continuous improvement of the business environment", have focused their efforts on removing barriers in business.

Therefore, considering the important role of chambers of commerce as a private sector parliament, efforts are being made to carefully examine the barriers to doing business in each of the following areas, providing detailed solutions to the government and parliament in these areas. The most important responsibilities of the commissions and the board of representatives of the Bandar Abbas Chamber are considered.

Mineral Industries and Industries Commission, Macroeconomic Money and Capital Markets Commission, Tourism and Related Businesses Commission, Taxation, Labor and Social Security Commission, Trade Facilitation and Non-Oil Import and Export Management Commission, Information and Communication Technology and Knowledge-Based Business Commission, Commission on Agriculture and Related Environment Sustainable Development, Legal and Judicial and Regulatory Support Commission, Social Responsibility and Corporate Governance, Transport and Logistics Commission, Customs and Transit, Energy Commission, Internal Trade Commission, Construction and Services Commission Engineering and Industry are the active commissions in the ninth round of Bandar Abbas Chamber of Commerce.

The Board of Representatives of Bandar Abbas Chamber, which consists of 15 people, in the meetings that are held regularly and monthly, analyzes the important issues of the business day and makes the necessary decisions, and notifies for future follow-ups. They do.

### **Public Relations:**

Public Relations in Bandar Abbas Room is a communication unit with audiences at different levels and reflects the news and positions of Bandar Abbas Room. During the membership period, members

of Bandar Abbas Chamber benefit from publishing and print media services, magazines, books, and other multimedia products in real and virtual space, which are provided by Bandar Abbas Chamber Public Relations.

One of the important actions of the public relations unit, which was welcomed by the members, is the publication of the history book of Bandar Abbas Chamber as the third chamber of commerce in the country.

It is also another service of the cooperation room in publishing the book of brand management and advertising is an approach and application.

### **Training Center:**

Due to the necessity and importance of education in the strategy and macro perspective in Bandar Abbas Chamber, this section is of special importance. has it.

Definition of general and specialized courses to empower the members of the design room and in standard formats is done in person and remotely.

Holding business card courses for members and holding international IRU courses are other services of this center.

In order to obtain more information and benefit from the services of this center, you will be able to apply through the Bandar Abbas Chamber website.

### **Organizational Affairs Management:**

Economic organizations, directly and indirectly, affect the development of the developing economy and their capabilities lead to increased services to members and subsequently increase their acceptance and effectiveness. In this regard, Bandar Abbas Chamber of Commerce as a private sector parliament has an important role.

Increasing the effective role of economic organizations in recent years in areas such as the competitiveness of producers, exporters and economic actors and their active participation in order to eliminate improvements in the business environment, how to finance, effective, efficient and two-way communication with the Chamber of Commerce It is one of the cases that attention to them can lead to achieving an efficient and dynamic model for chambers of commerce for more interaction and strengthening and development of organizations. For this purpose, the management of the affairs of the organizations has been formed to develop interactions and provide effective services to the economic organizations that are members of the chamber in the Bandar Abbas chamber.

Aquatic Union, Hormozgan Province Business Women Association, Hormozgan Province Partner Laboratories and Calibration Union, Customs Brokers Union, Livestock Exporters Union, Hormozgan Province Broadcasting Industry Association, Bandar Abbas Date Association, Agricultural Producers, Exporters, and Processing Association Hormozgan province is one of the active unions in Bandar Abbas Chamber of Commerce.

### **Bandar Abbas Chamber Arbitration Center:**

Arbitration has always existed in Iranian law, often in the form of ad hoc arbitration based on the consent of the parties or by referral to court, and with the establishment of the arbitration center for the first time, the concept of institutional arbitration (Institutional Arbitration) entered the system. Became legal in Iran.

According to paragraph "h" of Article "5" of the Law of the Iranian Chamber of Commerce, Industries, Mines and Agriculture (amended approved on 9/15/1373), one of the duties of the Chamber of Commerce is to resolve domestic and foreign commercial disputes. The Arbitration Center was established in this regard and following an independent law called "Statute Law of the Arbitration Center of the Iran Chamber" approved in February 2001 and enjoys legal protection.

According to Article 10 of the Statute of the Arbitration Center, disputes and commercial disputes in domestic arbitrations are handled following the provisions of the Code of Civil Procedure adopted in 1379 (Chapter 7- on arbitration) and in international arbitrations following the International Arbitration Law adopted in 1376. The arbitration rules of the Arbitration Center have been prepared following the laws of Iran and using the procedure of international arbitration organizations, which has been approved by the competent authority according to Article 6 of the Statute of the Center.

The center arbitration rules and regulations of arbitration costs along with other information are available on the center's website at [www.arbitration.ir](http://www.arbitration.ir).

**Government-Private Sector Dialogue Council:**

In their legal role as advisors to the three branches, chambers of commerce are required to provide the necessary mechanisms for organizing and coordinating economic organizations and obtaining the opinions of economic actors, and by helping to create a constructive environment for the private sector to interact with government bodies. Economics to provide the necessary expert proposals and in this regard, Bandar Abbas Chamber holds regular meetings with representatives of the private sector and provincial officials every month.

**Bandar Abbas Chamber Communication Channels:**

The website environment of Bandar Abbas Chamber of Commerce [www.bndccim.com](http://www.bndccim.com) has been designed by using up-to-date information technology facilities to accelerate and facilitate the process of informing and providing services. All will be able to visit the website 24 hours a day to be informed of the latest news and events in the business environment of Hormozgan province and to use the services of Bandar Abbas Room online.

It is hoped that while maximizing the efforts of partners in the development of business services and membership, in the not too distant future, it will provide a more diverse service room to current members and extend the scope of its supported members to small businesses of knowledge-based companies. Emerging and fledgling expand.
